## Solving *the* Puzzle of Development

*"If only the world of missions had more Thom Schotanus! He pushes the envelope in all the right ways. The nations will be glad because of his desperately-needed message to churches."*

Robert Osburn, PhD.  
Author, *Taming the Beast: Can We Bridle the Culture of Corruption?*

### *How do we move from good intentions to lasting transformation?*

This companion study guide to *Solving the Puzzle of Development* invites readers into a journey of reflection, dialogue, and action. Designed for group and individual use, it simplifies key concepts and offers practical prompts to help learners engage deeply—across cultures, languages, and learning styles.

Whether you're interested in missions, a community facilitator, or global practitioner, this guide will equip you to:

- Explore the heart and mindset shifts essential for sustainable change
- Translate theological and leadership insights into everyday practice
- Adapt lessons for oral learners, cross-cultural settings, and multilingual use
- Empower local voices and foster collaborative learning

With accessible language, visual cues, and space for personal reflection, this study guide helps you connect the puzzle pieces—so transformation isn't just taught but lived.
